## A Journey into Others' Shoes

### Step 1: The Creative Setup

Provide the following materials to each student:

- Blank cardboard 📄
- Pencils ✎
- Scissors ✂
- Colors 🎨
- Glue 🖍
- Stickers 🌟
- Decorations 🎀

### Step 3: Sharing the Magic 📦🌈

1. Place all the masks into a box.
2. On the board, write the questions:  
\*\*What? Why? And what makes it special for you?\*
3. Explain that each child will have to answer these questions based on the mask they pick from the box.

### Step 5: Reflection and Discussion 🧐🗣️

#### 1. Ask the students:

- 🧐 Were you able to see through your peer's eyes?
- 🧐 Was it a breeze or a challenge?
- 🧐 How can this newfound skill of perspective-taking add to your life?

#### 2. Ask the students to list their TOP 3 key takeaways from the activity.

### Step 2: Crafting Personalized Masks

1. Give the kids 3 minutes to cut out their masks.
2. Personalize the masks with something that represents them.
3. On the front, write their name and decorate as they wish.
4. On the back, write one thing that matters most to them, something they care about or like. (e.g., My pet dog, Playing soccer, Space).

### Step 4: Stepping into Each Other's Shoes 🦶🔄

1. Allow children to pick a mask from the box.
2. In small groups, children step into each other's shoes and share the significance of the important thing on the mask they picked.
3. This is their magical journey into understanding their peers better!
